

Anti-Vibration Rubber Pad LBRP-B

General Description

- Made of natural rubber, will not affect to most chemicals, oil resistant and weather-proof, durable for long term indoor and outdoor usage.
- Elastic rubber with great vibration absorbing and shock eliminating ability.
- "Waffle" structure provides bigger friction than normal rubber pads, and can be easily cut into small size.
- Mainly used for air conditioning, water pumps, welding machine, and other machinery that generates vibration.

Parts	Dimensions (in)	Loading Capacity	N.W (lb)
	L x L x H		
LBRP-B2	4 x 4 x 3/4	50	0.34
LBRP-B3	6 x 6 x 3/4	50	0.77
LBRP-B9	18 x 18 x 3/4	50	6.94
